

STRENGTHEN YOUR COACHING SKILLS

Lead Liberated's Instructional Coaching Clinic

WHO IS THIS CLINIC FOR?

This Coaching Clinic is specifically designed for coach and coachee and is open to all educators who are in a coaching relationship.

LEADERS WILL:

- explore their identities,
- practice listening to support healing,
- unpack characteristics of white supremacy culture and how they manifest in individuals and groups,
- analyze student work to set coaching goals,
- develop a measurable coaching plan for teacher and student growth,
- build shared agreements around coaching to improve collective impact on students, and
- set an intention to interrupt racism in their personal leadership and coaching relationship(s).

"Seeing how a coaching cycle could be done and practicing it was training I WISH I had received prior to my first year of coaching."

-January 2026 Coaching Clinic participant

WED, JAN 27-

FRI, JAN 29, 2027
